To Whom It May Concern,

Re: Vecellio & Grogan Inc  
Piedmont Triad International Airport

Vecellio & Grogan (V&G) began a relationship with the Piedmont Triad Airport Authority when they were given notice to proceed on the FedEx Mid Atlantic Hub Site work in January 2004. The Airport Authority was just starting a major expansion of the airfield to accommodate the FedEx Hub facility.

As part of our due diligence, prior to award of the contract, we checked references for V&G as we had not worked with them. All references checked out and V&G was awarded the contract. We were introduced to the V&G team and work began. Since that time we have entered into five contracts totaling more than \$124,000,000.00

We have enjoyed working with V&G over the past five years. They are a professionally managed company, well organized and concerned about providing the owner with a project that meets the requirements set forth.

Sincerely,
